## Introduction

The 1982 Student Profile contains data on students enrolled at Wright State University for the Fall Quarter, 1982. Information is also included on degrees awarded for the previous year.

Only data considered to be of general interest to the university community were selected for publication. Persons interested in obtaining additional information may contact the Office of Student Information Systems.

In addition to responding to student data requests from the University community, Student Information Systems also conducts research studies. The results of two studies will be published during 1982-83; Perceptions and Attitudes of Freshmen Entering the University Fall Quarter, 1982; and Perceptions and Attitudes of Sophomore Students after Attending Wright State For One Year.
